1. [REDACTED] and I met with Mr. Kirkpatrick and [REDACTED] to talk about the ceremony at which the Ten-Year Service Certificates will be presented. Tentatively, the following arrangements are to be made: A group of senior employees will be asked to contribute money for the bust that we want to present to the Director at the same ceremony. In addition to two or three employees from each of the forty components, we can have two or three other employees attend. We expect to have it in the lobby of the new building on Tuesday, the fourteenth of November. I have spoken to [REDACTED] about seeing how many chairs can be placed in the lobby. We shouldn't have any parking problem since most of the employees will be out there, etc. There are some other details to be worked out on this which need not be recorded here. H

2. Mr. McCone has talked to me about the necessity for security protection at his house and I want to arrange to have [REDACTED] talk to him further about this. He said that he was willing to accept this if it were necessary but that it would be somewhat inconvenient since it would require the use of one room.
